

BUILDING THE FUTURE 2020

Boosting innovation in the construction industry

15 July 2020, 10:00 - 13:00 hrs

Online Event

- 10:00 – 10:10 **Words of welcome**
Dr. Daniel Kießling // Bavarian Research Alliance
Christoph Sprengard // FIW Munich
- 10:10 – 10:30 **Keynote: Horizon Europe and the Green Deal - opportunities for the building sector**
Eleftherios Bourdakis // European Commission (DG. RTD)
- 10:30 – 10:45 **The technology behind INNOVIP – innovations for building envelopes**
Kenny Rottenbacher // va-Q-tec AG
- 10:45 – 11:00 **Recycling in construction industry - the future is circular**
Luis Hoffmann, M. Sc. // Fraunhofer Institute for Process Engineering and Packaging IVV
- 11:00 – 11:15 **Common challenges and threats of data uncertainty for innovation projects – synergies in the AMANAC cluster**
Dr Shahab Resalati // Oxford Brookes
- 11:15 – 11:30 **Q&A**
- 11:30 – 11:40 **Break**

With the support of

- 11:40 – 12:05 **Netzwerk innovativer Massivbau (NIM) presents: Start-Up Pitches - Start-ups from the construction industry show ground-breaking concepts**
Ruediger Busch // Bayern Innovativ GmbH
- 12:05 – 12:20 **New highly insulating mineral products for the construction market – Outcome of the European project Wall-ACE**
Dr. Jürgen Frick // Materials Testing Institute (MPA) University of Stuttgart 
- 12:20 – 12:35 **Open Innovation Test bed “LightCocoe” - Project Overview and Brick Pilot Line at THN**
Prof. Krcmar // Technische Hochschule Nürnberg 
- 12:35 – 13:00 **Q&A, BayFOR services and final remarks**

With the support of
