

BUILDING THE FUTURE 2020

Boosting innovation in the construction industry

15 July 2020, 10:00 - 13:00 hrs

Online Event

- 10:00 – 10:10 **Words of welcome**
Dr. Daniel Kießling // Bavarian Research Alliance
- 10:10 – 10:30 **Keynote: Horizon Europe and the Green Deal - opportunities for the building sector**
Eleftherios Bourdakis // Commission (DG. RTD)
- 10:30 – 10:45 **The technology behind INNOVIP – innovations for building envelopes**
Kenny Rottenbacher // va-Q-tec AG
- 10:45 – 11:00 **Recycling in construction industry - the future is circular**
Luis Hoffmann, M. Sc. // Fraunhofer Institute for Process Engineering and Packaging IVV
- 11:00 – 11:15 **Common challenges and threats of data uncertainty for innovation projects – synergies in the AMANAC cluster**
Dr Shahab Resalati // Oxford Brookes
- 11:15 – 11:25 **Q&A**
- 11:25 – 11:35 **Break**

With the support of

- 11:35 – 12:00 **Netzwerk innovativer Massivbau (NIM) presents: Start-Up Pitches - 3 Start-ups from the construction industry show ground-breaking concepts**
Ruediger Busch // Bayern Innovativ GmbH
- 12:00 – 12:15 **New highly insulating mineral products for the construction market – Outcome of the European project Wall-ACE**
Dr. Jürgen Frick // Materials Testing Institute (MPA) University of Stuttgart 
- 12:15 – 12:30 **Innovations in construction – an industry perspective**
Dr. Jens Geduhn // Schlagmann Poroton GmbH & Co. KG
- 12:30 – 12:45 **Open Innovation Test bed “LightCocce”
- Project Overview and Brick Pilot Line at THN**
Prof. Krcmar // Technische Hochschule Nürnberg
- 12:45 – 13:00 **Q&A and final remarks**

With the support of
