

## Agenda (Draft)

### **\*Bavaria\*Israel\* Workshop Series: How to build a HEU-proposal in the field of HEALTH**

(Cluster 1, Deadline (1-stage): 19 September 2023)

3 online working sessions (24 May / 31 May / 6 June)

How to compose a convincing 10-page proposal? How to build a competitive consortium? How to manage a lump sum budget and what is a blind evaluation? How to write a first draft and how to get the proposal writing process started?

These and further questions will be addressed in the workshop sessions „**How to build a HEU-project in the field of HEALTH**“. The workshop invites stakeholders from Bavaria and Israel to explore new cooperation and network opportunities and to compose a one-pager as a feasible starting point for a HEU-proposal. The event is organized by experts of the Scientific Coordination Office Bavaria-Israel of the Bavarian Research Alliance (BayFOR) and the Israel-Europe R&D Directorate (ISERD).

The event is **free of charge**. Please note that in order to have a fruitful discussion during the working sessions, the number of participants is limited to 12 (six from Bavaria, six from Israel).

### Online Working Sessions

#### **24 May 2023: Part 1: Introduction and Pitch Presentation**

09:30-11:00 (CET)	10:30-12:00 (IDT)	Part 1: Introduction and Pitch Presentation
09:30	10:30	<p>Introduction</p> <ul style="list-style-type: none"> <li>- Introduction of BayFOR and ISERD (Anna Abelmann, BayFOR   Nir Shaked, ISERD)</li> <li>- Introduction: How to build a HEU-project in the field of HEALTH (Anna Abelmann, BayFOR)</li> </ul>
09:55	10:55	<p>Topic Presentation (Nir Shaked, ISERD)</p>
10:15	11:15	<p><b>Grouping and Pitch Presentation</b></p> <p><b>Workshop 1:</b> HORIZON-HLTH-2024-STAYHLTH-01-05-two-stage: Personalized prevention of non-communicable diseases - addressing areas of unmet needs using multiple data sources (Moderation: Daphna Burowski, ISERD)</p> <p><b>Workshop 2:</b> HORIZON-HLTH-2024-ENVHLTH-02-06-two-stage: The role of environmental pollution in non-</p>

		<p>communicable diseases: air, noise and light and hazardous waste pollution</p> <p>(Moderation: Elisabeth Holme, BayFOR)</p> <p><b>Workshop 3:</b> HORIZON-HLTH-2024-DISEASE-03-08-two-stage: Comparative effectiveness research for healthcare interventions in areas of high public health need</p> <p>(Moderation: Anna Abelmann, BayFOR)</p> <p><b>Workshop 4:</b> HORIZON-HLTH-2024-DISEASE-03-13-two-stage: Validation of fluid-derived biomarkers for the prediction and prevention of brain disorders</p> <p>(Moderation: Nir Shaked, ISERD)</p>
