

Invitation Forschungscafé / Science Café

Please join us to exchange over a cup of coffee on key questions related to the Bavaria-Québec/Alberta/International scientific cooperation in times of COVID-19. In an informal setting, we are pleased to welcome Professor Kerstin Kuyken, Université du Québec à Montréal (UQAM) and Professor Christoph Barmeyer, Universität Passau. Together with PhD candidate Sina Großkopf (Universität Passau), they will reflect on migrant and intercultural entrepreneurship from a Québec and from a Bavarian perspective, and present new cooperation ideas.
