

Invitation

Please join us to exchange over a cup of coffee on key questions related to the Bavaria-Québec/Alberta/International scientific cooperation.

For our second Forschungscafé of 2025, we are pleased to welcome Georg Nagel, Head of International Cooperation, AiF Projekt GmbH (ZIM), and Andrew Bauder, Industrial Technology Advisor, National Research Council - Industrial Research Assistance Program (NRC-IRAP). Together, they will present the new call for proposals for joint industrial research and development (R&D) projects between Germany and Canada. The call focuses on developing innovative products, processes, or technology-based services in all technological and application areas.
