

Invitation

Please join us to exchange over a cup of coffee on key questions related to international scientific cooperation. Our Forschungscafés/Science cafés are a place to meet, learn and network. For our summer edition, we are pleased to offer a *Special* dedicated to study opportunities for students who wish to conduct a research stay in Québec.

In an informal setting and collaborative environment, our guest speaker Dr. Benedikt Miklós, Québec Government Office in Munich, will give insights into Québec universities and their exchange programs. We will discuss modalities, benefits and challenges as well as funding opportunities for students registered at Bavarian universities and universities of applied sciences.

Outgoing Student Mobility Opportunities to Québec for Students in Bavaria

Forschungscafé / Science Café

Keynote: Dr. Benedikt Miklós, Délégation générale du Québec à Munich

Moderation: Dr. Florence Gauzy, WKS, BayFOR

Thursday, 04.07.2024, 14:00 - 14:30 pm CEST

Videoconference:

Our science cafés take place regularly on different topics. To allow for an authentic interaction between the participants, the number of attendees is limited. Participants will have the possibility to ask questions.

We are very much looking forward to meeting you soon!
