

Terms and Conditions for SIMWOOD Final Conference

Article 1 General Information about Registration

A prior binding registration and a corresponding confirmation from BayFOR is a prerequisite for participating in the event.

Online registration of participants on the BayFOR website (www.bayfor.org) is subject to acceptance of the following Terms and Conditions.

Applications must be submitted by the respectively cited deadline or until the maximum number of participants is attained. Applications are usually taken into account in the order they are received. We recommend submitting an application as early as possible as the number of participants is limited.

Article 2 Registration/Contract formation

After receiving your application, BayFOR will send you a personalized and automatically generated receipt confirmation via e-mail.

You will receive confirmation of acceptance of your registration application (confirmation of possibility to participate) at least two weeks prior to the date of the event. We point out that only this confirmation of participation entitles you to participate in the event.

The participation fee charged for the SIMWOOD Final Conference are based on the expenses that are incurred. It includes catering during breaks.

The exact participation fee is cited in the respective announcement of the event on our website www.bayfor.org and in the invitations. A reduced participation (e.g. in case of events lasting several days) does not entitle the participant in general to a reduced participation fee.

You will receive the invoice for the registration fee separately by mail. The invoice is due for payment upon receipt. The fees will be charged by the SIMWOOD partner and organizer FCBA (10 rue Galilée, F-77420 Champs sur Marne).

Article 3 Cancellation of event by organizer

The organizer reserves the right to cancel due to insufficient number of participants, illness of presenter, force majeure or other unforeseeable events that make it impossible to carry out the event or which would lead to unreasonable expenses on part of the organizer and thus withdraw from the agreement. Participants shall be notified immediately about such changes.

If the event is cancelled, there is no obligation for the event to be held.

The organizer will attempt to reschedule the event to be held on a different date for the participants, provided that these are in agreement and a suitable alternate date is available.

Otherwise, the registration fee that has already been paid shall be refunded immediately. Participants are not entitled to any more extensive rights.

Article 4 Cancellations/changes on part of participants

Participation can only be cancelled within 7 days of registration and in writing. Please cite the name of the participant and send an e-mail to simwood@bayfor.org.

In case of a later cancellation or failure to appear, the participation fee will not be reimbursed.

A substitute or representative can be sent without having to pay an additional fee. The organizer must be informed about the name of the representative at least two (2) workdays prior to the event. In this case please send an e-mail to simwood@bayfor.org.

Article 5 Data Processing/Privacy Protection

BayFOR (responsible for the registration process) and FCBA (organizer) store, process and use the participant's personal information in compliance with the applicable statutory provisions unless the relevant person has given more extensive consent.

If the participant declares his or her willingness on the application form, BayFOR and FCBA may use his/her address data for advertising and information purposes. Should you decide at a later date to cancel your subscription for such information or newsletter, it is sufficient to send a short written note to info@bayfor.org.

Article 6 Other Costs (Travel, Accommodations, etc.)

The participant is responsible for travel, overnight accommodations or other expenses. The participant is responsible for cancelling hotel reservations and travel arrangements himself/herself and will bear all costs arising in connection with the cancellation.

Article 7 Consent for preparation of media

During events, photos, videos and other recordings may be made for the organizer's own promotional purposes, which may be published on their own website, in books and their own advertising materials.

These are not individual portraits but rather photos that provide an overview of the event, in which individuals may be recognizable, however, as event participants.

By submitting the registration form, the participant ensures that he/she is aware of this and that he/she gives his/her express consent in this regard that such photos, videos or other recordings may be made and published.

Article 8 Copyrights

Titles, advertising materials, concepts, contents and methods of implementation as well as participant documents that are handed out during the event are the intellectual property of the organizer and its partners. All rights are reserved by the organizer and the respective partner.

Participant documents and materials that are provided to the participants during the event or afterwards are only intended for personal use. By submitting the registration form, the participant agrees to observe these rights.

Article 9 Exclusion of Liability

Reasons that are beyond the organizer's control and sphere of influence can make it necessary to change the contents or the schedule of the event programme. Such changes do not constitute a basis for a reimbursement of the participation fee.

Article 10 General information

Every participant accepts full responsibility for himself/herself and his/her actions during the event and beyond and shall be held liable for any possible damages caused.
